**Comments made on Survey Forms**

<b>Name</b>	<b>Survey no.</b>	<b>Summary of comments</b>
	GL68	Toilet/changing yes - public WC, storage shed, extended sides to deflect balls, mud on the carpet, tennis balls difficult to see against carpet, position of notice board, no entrance on south side to avoid footballs, rubbish bins.
	GL02	Particularly important for young families & young people
	GL270	Need to have weighting related to distance of property from rec, description too brief to be useful, loss of tennis and basketball, losing rural feel of rec, lighting problems, noise and bad language that could resound around village, details for loos and changing facilities needed now, financial viability? need to know how much external use to bring in income. Also, parking, planning permission, ancillary lighting from car park, ball damage & retrieval.
	GL130/1	Doesn't agree with location
All	GL	Like to see sports facilities for youngsters, concerned about tennis club - have they been consulted?, would like to keep tennis court as well but understand space constraints.
	GL94	Need to know financial implications (short & long term), available to all or just village and school, traffic and parking problems. Need to site on outskirts of village.
Names	GL72	Supporter but would we still keep the grass football pitch?
	GL4	Not at this location - not in middle of village, move to field by Thornbridge Manor. Lights are a problem.
	GL08	Proviso toilets/changing facilities/parking & sustainability
	GL96	Would like to see facilities for younger people in village
	GL248	Would like to see bowls feature with plans
And	GL184	Can't support without knowing full costs, should have been told before survey
	GL103	Parking problems.Proximity to rec and problems of noise
	GL276	Useful when grandchildren visit
	GL125	Too expensive in this climate, cycling, running & walking cheaper
Addresses	GL124	Play sports at school, not worth money, work, organisation. More imp local issues
	GL07	Running, project & maintenance costs - whose paying
	GL71	Level football pitch at same time?
		Don't spoil the rec, paying for white elephant, only regular user will be school, and they won't want to pay, cause noise, nuisance, who'll manage, keep clean and work booking system, GLPC doesn't answer on cost or impact
Redacted	GL129	
	GL	Biking & walking only, if genuine support we think it should go ahead
	GL298	Primary school use ideal, parking for outsiders maybe problem
	GL315	Football gone, cc only friendlies, MUSA supported 2 yrs, not long term, waste of public money
	GL265	Need to be assured enough resident users, no cycling
	GL317	Sports committee need to afford to run this facility
	GL204	Support fully subject to times of usage, no late night noise
	GL03	What are anticipated annual running costs, what are proposals for changing & toilet, circulation list & numbers. When will result be known
	GL253	More details req'd funding, on going maint costs etc, parking?, toilet locked?
	GL167	Costs - Musa, elec, toilets, parking
	GL70	Great idea!!
	GL	Location concerns
	GL126	Wonderful idea, it is what the younger generation want
	GL17	Can't support without info on costs instalation, running/maintenance
	GL210	We wouldn't use it, but feel it's a good feature
	GL05	Parking concerns, MUSA good for young people & teenagers

GL38	Support MUSA esp tennis
GL137	MUSA will be positive step for everyone in village
GL237	Good idea, provided well used & nearby residents not inconvenienced
GL249	Loss of tennis court? Cost?
GL242	Parking problems on Croft Road, noise - particular impact on summer afternoons and evenings, cost of maintenance - drain on local resources.
GL304	Existing facilities not used very much, is there sufficient demand for expensive and intrusive facility to cover running costs, adults needed to organise clubs etc - are there enough? Very against WC and changing facilities, where does money come from to run the facility. Present facilities rarely used, why replace.
GL218	Do not support in current location - would support if away from middle of village, concerns over noise levels, toilets, parking on Croft Road problems, concerns over bad language, have noise levels been taken near to similar pitches? Need toilet facilities to stop hedges being used. Likely to park on Croft Road and cut through there.
GL246	What is potential demand for the facility, keep rec as open area - how about using industrial estate, is skate boarding, roller skating included, cost & maintenance implications, keeping it clean. Cost of changing rooms, who will clean? Planning permission? Parking problems throughout the village. How will use be regulated - booking system? Not enough information on which to base an opinion.
GL	Noise and light implications as adjacent to proposed location. Parking and traffic implications - needs to be away from middle of village. Those in favour do not live adjacent to the rec. Devaluation of property.
GL239	Children do not use rec. Cost of MUSA and maintenance implications. Not in a recession!
GL135	Change to tennis facility - can't play on court with multiple lines. Parish council agreed to upkeep of tennis court. Seen as withdrawal of tennis facility. Too close to properties but options are limited. Cost implications for residents. Lighting nuisance. Facility too large for village. Parking problems. Maintenance and cost of up keep of toilets/changing facilities. Maintenance costs of MUSA. No social facilities for teenagers. Majority of school children do not live in parish.
GL306	Tennis court is already multi-use, too close to adjacent properties, worried about amount of out of village use, dont agree with changing/toilet facilities, devaluation of properties - noise & light pollution, compensation should be paid to adjacent residents. Shouldnt be positioned so close to properties.
GL54	Agree with idea. Not in right location - too close to properties. Noise and light intrusion. Parking problems, particularly Croft Road. Need location near centre of village but not near
GL40	Excellent for young people who dont have anything, and adults too.
GL288	No costings provided - implications for precept. Are there alternatives people would like to see in preference? No alternative locations - might be different response if there were.
GL311	Is there a need for a MUSA? This is an urban facility not appropriate in the country. Main problems are noise intrusion particularly a problem in the evenings, lights will be visible from all over the village. Concerned about insufficient planning leading to problems in the future.
GL154	Sports facility is essential in village with lots of children. Time consuming to travel to other villages.
GL150	Great asset to the village
GL155	Strongly support - long overdue - delay no longer
GL	What happened to the indoor bowls that was proposed?
GL	Location, confusing lines, insurance, additional cost to ratepayer, parking, noise, toilet facilities
GL105	Loss of trees as natural climbing frame
GL132	Fantastic facility, long overdue Evidence of support, who applies for grant, maintenance costs, changing & toilet facilities, access & parking.
